

THE PROBLEM

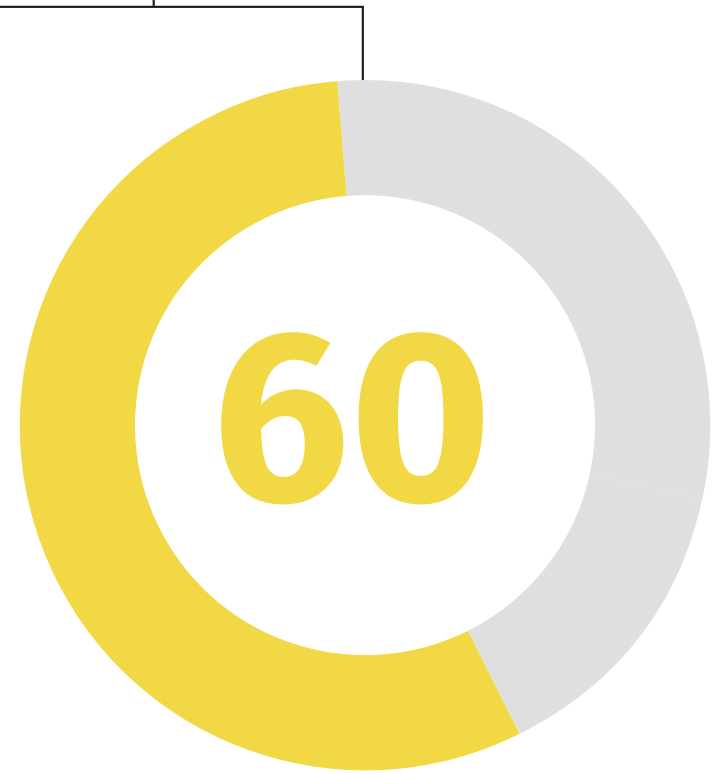

Post-Covid Strategies for Healthcare Leadership

THE FACTS

There is a disconnect between future confidence and current comfort

45% of people are more confident they receive safe care in the future

+60% are not yet comfortable being seen for care

Sources: BVK Health Care Pulse Wave 1 April 22-26, 2020 (n=500)

THE SOLVE

Implement procedures to visibly demonstrate safety

Clean Sites,
Virtual Options,
Social Distancing
